## WHO WE ARE

OSQ group is one of the leaders among of the paperboard food packaging manufacturers. We provide a complete range of sustainable packaging solutions which are 100% locally designed and developed in full compliance with the latest industry regulations and standards.

Innovation is at the core of our business.

Our eco-friendly packaging is ideal for all the catering services, restaurants, delis, cafes, takeaways, bakeries and coffee shops.

## OUR MISSION

We are on a constant quest to raise the bar and set a new benchmarks in the food packaging industry.

We are committed to fight the growth of CO2 emissions and reduce the amount of waste produced in society by developing eco-friendly and sustainable packaging.

## OUR VISION

We are embarked on a path forward. Our next big challenge is to be able to shape the food packaging mentality on a global basis. We will only manage that by creating and promoting eco-friendly packaging and inspire others to do the same.

# OSQ

GROUP

**WE EXPORT TO  
MORE THAN  
65 COUNTRIES  
WORLDWIDE**

*• EUROPE • LATIN AMERICA • MIDDLE EAST • ASIA • AFRICA*

### Extensive customernetwork

We are a proud supplier to more than **9 000 caterers, supermarkets, fast food and take away restaurants.**

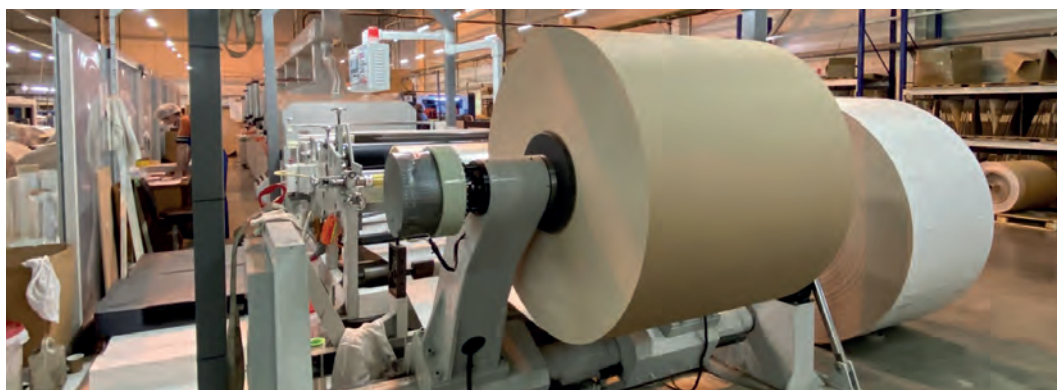

### Global reach

We are a major player in the global food packaging arena, we export to more than **65 countries worldwide.**

### Relentless production and development

We have produced more than **22 000 000 000 packaging** and counting.

## OUR PRODUCTION CORE COMPETENCIES

### Low trade prices

We are in position to set our own trade prices as we fully control production and delivery costs which gives us a huge advantage over competitors.

### Safety and quality

We take quality and safety very seriously therefore we are constantly carrying out inspections throughout the entire process. We track and monitor every element prior, during and after production.

### On time delivery

Cut out the middle man and decrease delivery turnaround as we ship directly from our manufacturing site and warehouses eliminating all logistics issues.

### Testing

We measure and record the performance of all raw materials, adhesives, coatings and manufacturing settings. All materials are thoroughly checked and tested in our laboratories before going to production.

### Maximum flexibility

We are able to react to market changes and customer demands rapidly and apply new business processes instantaneously instead of having to contact 3rd parties and manufacturers on the other side of the world.

### Tailor made packaging

Bespoke packaging processes are implemented easily and quickly through our in-house RnD department limiting error possibilities and time delays.

## CUSTOM PACKAGING BRAND YOUR PACKAGING

We offer all our customers the possibility to fully customize their packaging enabling them to increase brand awareness and maintain a strong and sustainable image.

Our in-house design team will work with you closely to help you get the customized design that promotes your business and your image. We offer a variety of custom packaging solutions from putting your own logo and design to our packaging (custom printing) to creating your own packaging that suits your business needs.

**WE ARE A MAJOR PLAYER IN THE  
GLOBAL FOOD PACKAGING ARENA,  
WE EXPORT TO MORE THAN 65  
COUNTRIES WORLDWIDE**

## **WORLDWIDE DELIVERY**

Wherever you are located, we guarantee a quick delivery with minimal costs through our sophisticated supply chain.

We have put in place an extensive supplier and representative network in order to provide an efficient delivery for our customers around the globe. Our experienced logistics department works closely with our sales team in order to determine the most cost-effective shipping method available that can meet your preferred delivery timescale.

## CERTIFIED

All our packaging is produced in compliance with global environmental standards and is ISO and HACCP certified ensuring consistent safety and quality.

# OSQ

## essential

### OSQ ESSENTIAL

OSQ ESSENTIAL packaging line is made of kraft cardboard. This beautifully designed modern packaging is safe, user-friendly, and comfortable to use. What's more, it serves as an environmentally friendly alternative to plastic packaging.

It comes in a wide range of sizes and shapes. For an excellent result, every little detail of OSQ ESSENTIAL is carefully tended during the design stage. It offers customized packaging for your products. The packaging can be branded to reflect the brand of your business and set you apart from your competitors, especially the ones already using kraft packaging.

That's not all:

OSQ ESSENTIAL packaging is suitable for microwave heating and freezing. Like every good packaging in our range, it can retain fat and moisture without deformation. The original form and appearance are maintained until your products get to your customers.

### WHICH BUSINESS IS OSQ ESSENTIAL PACKAGING SUITABLE FOR?

- Businesses that are responsible enough to want to change from plastic packaging to a more environmentally friendly alternative.
- Brands that prioritize quality in their business.
- Business for which product recognition and uniqueness of style are essential.
- Brands that care deeply about customer satisfaction.

Our partners

# OSQ ESSENTIAL

*OSQ ESSENTIAL is an environmentally friendly, stylish, and durable packaging line. It surpasses any plastic packaging in every respect. The packaging is an efficient assistant for food presentation and delivery, your product included. It is a really popular line in the Middle East, Asia, Europe, and the United States.*

*The OSQ ESSENTIAL line consists of versatile-shaped cardboard made of two colours – the inside is white while the outside is kraft. Due to the high-quality lamination of the inner surface, the packaging is protected against moisture and grease.*

## SHOWCASE LINE

*The Showcase Line, as the name implies, is an environmentally friendly way of showcasing your products. The packaging features a transparent lid that favorably displays the contained products. The packaging can be bought as both flat and assembled depending on whether your business is looking to save space or speed up the work process respectively. It can come in diverse shapes and sizes, it's ultimately up to you. What's more, it can be used for food and non-food products. Most brands, for instance, use the Showcase line when shipping and storing handmade items.*
